GÜVEN HEALTH GROUP

Nüket Küçükel Ezberci was born in Bremen/ Germany in 1969.

She was graduated from TED College Ankara in 1986, followed by her bachelor studies on International Relations at Bilkent University in Ankara.

Between 1992 and 2007, Küçükel Ezberci had been a career diplomat at the Turkish Ministry of Foreign Affairs. 1994-1999 she has served in the Turkish Consulates Generals of Essen and Jerusalem respectively. 2001-2005 was appointed to the Turkish Embassy in Madrid as the First Secretary. Upon her return to the country she was appointed to the General Secretariat for European Union Affairs as the Deputy Head of Department for Political Affairs.

With the unexpected loss of her parents; Küçükel Ezberci had left her career path in the MFA to take over the family owned Güven Hospital which was established in 1974. Inherited by two sisters, in 10 years; Güven Hospital (www.guven.com.tr) became Güven Health Group (guven@guven.com.tr) providing health service over 75.000 m^2, with a conventional Hospital of 311 beds in the city center; a Health Campus -that apart from general medical services- includes a Geriatric Center, a comprehensive Physical Therapy Center as well a Sports and Dietetic Center.

As an inseparable part of GHG; Güven Education and Healthcare Foundation (guvenvakfi.org) has been a gate to reach to a portion of disadvantaged people of the society but more importantly the Foundation has been using its whole capacity to bring all solution parties to tackle the 'Advanced Aging / Health and Care Solutions' phenomenon not only in Turkey but also in European countries.

The post-covit era will lay out many opportunities for bringing out sustainable solutions which also will serve for the economical developments of the respected countries by using technological/ AI based new generation medical devices to provide aid and assistance to the elderly. With this regard a business model was established within GHG by Güven Future (guvenfuture.com.tr), an ambitious company to follow-up health start-ups around the related circles.
